

## Road safety

Here are some instructions on how to cross the road safely. With the evenings getting darker it is especially important that you learn these.

1. Stop at the side of the road and make sure it's a safe place to cross
2. Look and listen for any cars on the road
3. Wait to make sure the road is clear
4. Look and listen again to make sure the road is clear
5. Cross the road and keep looking and listening until you reach the other side
6. Make sure to use a crossing with an adult to cross the road safely

## We will be learning about Nocturnal Animals

owl

fox

hedgehog

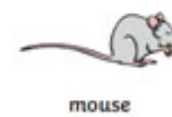

toad

badger

bat

mouse

hamster

What can you find out about these animals?  
Draw a picture of your favourite!

## Bedtime Routine

This is a bedtime routine. What is your routine for going to bed?

Take a bath

Put on pajamas

Brush your teeth

Listen to a bedtime story

Turn on your night light

Go to sleep

## Things to do at home

- Make a star

- Create a weather wheel and weather diary

- Create a dream catcher

## Here is a poem to share with your family

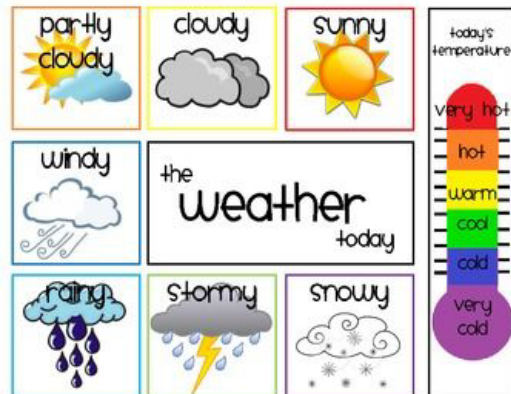

### Nocturnal Animals

The sun has set,  
the moon is up.  
Some animals sleep  
and others wake up.  
Nocturnal animals  
are out all night.  
And go back to sleep  
in the daylight.

What do I already know? Some weather words, some colour words, the names of some animals.

## Weather Chart

In school we are learning about the different weather types. Use this chart to tell your family what the weather is like each day. We will be keeping a weather diary in school.

## Important Words

day - The time when it is light or when you are up and doing things.

night - The time of day when the sun has set and it is dark outside.

nocturnal - Animals that are active at night.

star - Small points of light in the sky.

moon - The object, similar to a small planet, which you see in the sky at night. It moves around the Earth.

light - The brightness that lets you see things.

dark - When there is not enough light to see properly.

lullaby - A quiet song which is sung to young children or babies to help them fall asleep.

sun - The star at the centre of the solar system that gives off light.

## The Sky

How does the sky change at night?

### Key words

- dark
- shiny
- twinkle
- sun
- star
- night
- moon
- sparkle
- light

## A song and a story to share with your family

How to Catch a Star  
Oliver Jeffers

This is the way  
we go to bed

## The Little Red Hen

This term we will be reading the little red hen.

Here is a link to listen to the story.
