## Pupil Premium Strategy Plan

### Statement of intent

As in previous years, our intent is to improve attainment of our disadvantaged pupils and to open up every opportunity that we can provide or facilitate, to them.

This plan outlines a range of challenges the children and families face, alongside strategies to help overcome these barriers.

Barriers to future achievement for pupils eligible for PP	
<b>A.</b>	Low starting point: Nursery baseline (2023) Reading 12%, Writing 11% Maths, 13% of children were age appropriate on entry to Nursery. These children were mainly the children who had joined us in the summer term of the previous year. The majority of all nursery pupils have little English on arrival and/or poor Bangla language.
<b>B.</b>	The majority of pupils do not live in literary-rich environment in first or second language
<b>C.</b>	The majority of pupils' wider opportunities are limited due to family circumstances and cultural/community norms
<b>D.</b>	The majority of pupils have very limited home support for learning – 87% of parents speak Bangla at home

Intended outcomes
