## Computer Themed Day Friday 13th June

We were joined by The CODE Show who delivered a whole class assembly and then workshops. These workshops allowed the children to program machines and experience the software titles of the past 50 years. They also brought a Sinclair C5 electric car demonstrating that electric cars are not a new invention along with various consumer technology that now fits inside a mobile phone as an app on a mobile device.

The children also learnt about how to keep safe online, careers in computing and all about AI. The children all enjoyed the day and were able to explore computing on a different level and were inspired to become programmers in their future.

BB Fest returns to Burnley Brow! The children will have an afternoon experiencing a festival! They will be able to watch acts performing live on the stage, meet the artists and soak up the atmosphere.
