

	Autumn 1 1.1 (8 weeks)	Autumn 2 1.2 (7 weeks)	Spring 1 2.1 (6 weeks)	Spring 2 2.2 (5 weeks)	Summer 1 3.1 (7 weeks)	Summer 2 3.2 (6 weeks)
Wk 1	Place Value NC: Read and write numbers to 100 in numerals and words. Identify, represent and estimate numbers using different representations, including the number line Maths Meeting: Counting on and back in 1s and 10s Number bonds to 10 Doubles Near doubles Adding by making 10 Related facts if I know, then I also know $2+3=5$, $12+3 = 15$, $20+30=$	Addition and Subtraction NC: Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a 2-digit number and 1s, a 2-digit number and 10s, two 2-digit numbers and adding three 1-digit numbers Maths Meeting: Counting on and back in 1s and 10s from different numbers. Counting in 3s. Partitioning in different ways Coin recognition	Money NC: Recognise and use symbols for pounds (£) and pence (p); combine amounts to make a particular value. Find different combinations of coins that equal the same amounts of money. Solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change. Maths Meeting: Counting in 1s, 2s, 5s and 10s. Adding and subtracting without regrouping. 2D shape properties including symmetry.	Multiplication and Division NC: Calculate mathematical statements for multiplication and division. Show that multiplication can be done in any order and division cannot. Recall and use multiplication facts for the 2, 5 and 10 times table including recognising odd and even numbers. Solve problems involving multiplication and division. Maths Meeting: Counting in 2s, 5s and 10s. Addition and subtraction with and without regrouping. 2D and 3D shape properties	Mass, Capacity and Temperature NC: Choose and use appropriate standard units to estimate and measure mass (kg/g); temperature (°C); capacity (litres/ml) to the nearest appropriate unit, using scales, thermometers and measuring vessels. Compare and order lengths, and record the results using $\leq$, $\geq$ and $=$. Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts Maths Meeting: Counting in 1s, 2s, 3s, 5s and 10s.	Statistics NC: Interpret and construct simple pictograms, tally charts, block diagrams and simple tables. Ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity. Ask and answer questions about totalling and comparing categorical data Maths Meeting: Counting in 1s, 2s, 3s, 5s and 10s. Adding and subtracting with and without regrouping. Fractions of shape and amounts.

					Arithmetic involving all four number operations. Comparing numbers using $\leq$, $\geq$ and $=$ signs Fractions of shape and amounts.	
Wk 2	Place Value NC: Identify, represent and estimate numbers using different representations, including the number line. Recognise the place value of each digit in a 2-digit number (tens, ones) Read and write numbers to 100 in numerals and words Maths Meeting: Counting on and back in 1s and 10s Finding missing numbers in bonds Naming 2d shapes.	Addition and Subtraction NC: Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a 2-digit number and 1s, a 2-digit number and 10s, two 2-digit numbers and adding three 1-digit numbers Maths Meeting: Counting back in in 1s and 10s from different numbers. Counting in 3s Reading and writing numbers to 100 in numerals and words. Telling the time to the hour and half hour.	Money NC: Recognise and use symbols for pounds (£) and pence (p); combine amounts to make a particular value. Find different combinations of coins that equal the same amounts of money. Solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change. Maths Meeting: Counting in 1s, 2s, 5s and 10s. Adding and subtracting without regrouping. Properties of 3D shapes.	Multiplication and Division NC: Calculate mathematical statements for multiplication and division Show that multiplication can be done in any order and division cannot. Recall and use multiplication facts for the 2, 5 and 10 times table including recognising odd and even numbers. Solve problems involving multiplication and division. Maths Meeting: Counting in 2s, 5s and 10s. Addition and subtraction with and without regrouping. Related facts within 10, 20 and 100. Telling the time	Fractions NC: Recognise, find, name and write fractions $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{2}$, $\frac{2}{4}$ and $\frac{3}{4}$ of a length, shape, set of objects or quantity. Write simple fractions for example, $\frac{1}{2}$ of 6 = 3 and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$ Maths Meeting: Counting in 1s, 2s, 3s, 5s and 10s. Multiplying and dividing by 2, 5 and 10. Partition in different ways. Using directional language to describe a turn.	Statistics NC: Interpret and construct simple pictograms, tally charts, block diagrams and simple tables. Ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity. Ask and answer questions about totalling and comparing categorical data Maths Meeting: Counting on and back in 1s and 10s Adding and subtracting with and without regrouping. Partitioning in different ways. Telling the time to the nearest five minutes.
Wk3	Place Value NC: Identify, represent and estimate numbers	Addition and Subtraction NC: Add and subtract numbers using concrete	Money NC: To recognise and use symbols for pounds (£) and	Length and Height	Fractions NC: Recognise, find, name and write	Position and Direction NC: Use mathematical vocabulary to describe

	using different representations, including the number line. Recognise the place value of each digit in a 2-digit number (tens, ones) (Flexibly partitioning) Read and write numbers to 100 in numerals and words Maths Meeting: Counting on and in 1s, 2s, 5s and 10s within the tenth multiple. One more and one less Days of the week/ months of the year	objects, pictorial representations, and mentally, including: a 2-digit number and 1s, a 2-digit number and 10s, two 2-digit numbers and adding three 1-digit numbers Maths Meeting: Counting on and back ins 1s and 10s from different numbers Adding to make the next 10. Using directional language to describe an object. Naming 2d and 3d shapes.	pence (p); combine amounts to make a particular value. To find different combinations of coins that equal the same amounts of money. To solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change. Maths Meeting: Counting in 1s, 2s, 5s and 10s. Adding and subtracting without regrouping. Comparing capacity, weight, length, height using the correct language.	NC: Choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); to the nearest appropriate unit using rulers Compare and order lengths, and record the results using $\leq$, $\geq$ and $=$ Maths Meeting: Counting in 1s, 2s, 3s, 5s and 10s while estimating numbers on a number line. Addition and subtraction with and without regrouping. Totalling and making amounts of money. Units of time	fractions $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{2}$, $\frac{2}{4}$ and $\frac{3}{4}$ of a length, shape, set of objects or quantity. Write simple fractions for example, $\frac{1}{2}$ of 6 = 3 and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$ Maths Meeting: Counting in 2s, 3s, 5s, and 10s. Addition and subtraction with and without regrouping. Doubles and near doubles. Using positional language to describe an object.	position, direction and movement, including movement in a straight line and distinguishing between rotation as a turn and in terms of right angles for quarter, half and three-quarter turns (clockwise and anticlockwise) Maths Meeting: Counting in 1s, 2s, 3s, 5s and 10s. Arithmetic involving all four number operations. Telling to the time to the nearest five minutes. Units of time.
Wk4	Place Value NC: Identify, represent and estimate numbers using different representations, including the number line. Count in steps of 10 from any number forwards and backwards. Maths Meeting: Counting on and back in 1s, 2s, 5s and 10s. Addition and subtraction within 20.	Addition and Subtraction/ Geometry NC: Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a 2-digit number and 1s, a 2-digit number and 10s, two 2-digit numbers and adding three 1-digit numbers Identify and describe the properties of 2D shapes including number of sides and vertical line symmetry.	Multiplication and Division NC: Calculate mathematical statements for multiplication Show that multiplication can be done in any order. Maths Meeting: Counting in 2s, 5s and 10s. Addition and subtraction with and without regrouping. Doubles and halves. Near doubles	Length and Height NC: Choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); to the nearest appropriate unit using rulers Compare and order lengths, and record the results using $\leq$, $\geq$ and $=$ Solve problems with addition and	Fractions NC: Recognise, find, name and write fractions $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{2}$, $\frac{2}{4}$ and $\frac{3}{4}$ of a length, shape, set of objects or quantity. Write simple fractions for example, $\frac{1}{2}$ of 6 = 3 and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$	Position and Direction NC: Use mathematical vocabulary to describe position, direction and movement, including movement in a straight line and distinguishing between rotation as a turn and in terms of right angles for quarter, half and three-quarter turns (clockwise and anticlockwise) Order and arrange combinations of mathematical objects in

	Partitioning two-digit numbers. Naming 3d shapes	Maths Meeting: Counting in 2s, 3s, 5s and 10s. Addition and subtraction without regrouping. Using directional language to describe a turn.		subtraction using concrete objects and pictorial representations, including those involving numbers, quantities and measures. Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts Maths Meeting: Counting in 1s, 2s, 5s and 10s whilst reading scales. Arithmetic involving all four number operations. Fractions of numbers and amounts.	Maths Meeting: Counting in 2s, 3s, 5s, and 10s. Addition and subtraction with and without regrouping. Telling the time Symmetry in 2D shapes	patterns and sequences. Maths Meeting: Counting in 1s, 2s, 3s, 5s and 10s. Arithmetic involving all four number operations. Telling the time to the nearest five minutes. Properties of 2D and 3D shapes.
Wk 5	Place Value NC: Compare and order numbers from 0 up to 100; use $\leq$, $\geq$ and $=$ signs Recognise the place value of each digit in a 2-digit number (tens, ones) Maths Meeting: Counting on and back in 2s, 5s and 10s Fact Families Telling the time 'O' clock and half past.	Geometry NC: Identify and describe the properties of 2D shapes including number of sides and vertical line symmetry. Compare and sort common 2D shapes and everyday objects. Maths Meeting: Counting in 2s, 3s, 5s and 10s Addition and subtraction without regrouping.	Multiplication and Division NC: Calculate mathematical statements for multiplication and division Show that multiplication can be done in any order and division cannot. Recall and use multiplication facts for the 2, 5 and 10 times table including recognising odd and even numbers. Solve problems involving multiplication and division. Maths Meeting:	Mass, Capacity and Temperature NC: Choose and use appropriate standard units to estimate and measure mass (kg/g); temperature ($^{\circ}\text{C}$); capacity (litres/ml) to the nearest appropriate unit, using scales, thermometers and measuring vessels Compare and order lengths, and record the	Time NC: Tell and write the time to the nearest five minutes including quarter past/ to the hour and draw the hands on the clock to show these times. Maths Meeting: Counting in 2s, 3s, 5s, and 10s.	Consolidation of Learning Maths Meeting: Counting in 1s, 2s, 3s, 5s and 10s. Arithmetic involving all four number operations. Telling the time to the nearest five minutes. Properties of 2D and 3D shapes. Related facts within 10, 20 and 100.

		Telling the time to the hour and half hour.	Counting in 2s, 5s and 10s. Addition and subtraction with and without regrouping. Totalling and making amounts of money. Writing numbers to 100 in figures and words.	results using $\leq$, $\geq$ and $=$ Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts Maths Meeting: Counting in 1s, 2s, 5s and 10s whilst reading scales. Arithmetic involving all four number operations. Telling the time to the nearest five minutes.	Addition and subtraction with and without regrouping. Fact Families (all four operations) and related facts	Totalling and making amounts of money.
Wk 6	Place Value NC: Compare and order numbers from 0 up to 100; use $\leq$, $\geq$ and $=$ signs Recognise the place value of each digit in a 2-digit number (tens, ones) Count in steps of 2, 5 and 10 forwards and backwards Maths Meeting: Counting forwards and backwards in 1s. Addition and subtraction within 20 using part, part, whole.	Geometry NC: Identify and describe the properties of 3D shapes including number of edges, faces and vertices. Identify 2D shapes on the surfaces of 3D shapes Maths Meeting: Counting on and back in 1s and 10s Addition and subtraction without regrouping. Coin recognition Using positional language to describe an object (above, below, left and right)	Multiplication and Division NC: Calculate mathematical statements for multiplication and division Show that multiplication can be done in any order and division cannot. Recall and use multiplication facts for the 2, 5 and 10 times table including recognising odd and even numbers. Solve problems involving multiplication and division. Maths Meeting: Counting in 2s, 5s and 10s. Addition and subtraction with and without regrouping. 2D and 3D shape properties		Time NC: Tell and write the time to the nearest five minutes including quarter past/ to the hour and draw the hands on the clock to show these times. Know the number of minutes in an hour and the number of hours in a day Compare and sequence intervals of time. Maths Meeting:	Consolidation of Learning Maths Meeting: Counting in 1s, 2s, 3s, 5s and 10s. Arithmetic involving all four number operations. Telling the time to the nearest five minutes. Properties of 2D and 3D shapes. Related facts within 10, 20 and 100. Totalling and making amounts of money.

	Comparing capacity, weight, length, height using the correct language.				Counting in 2s, 3s, 5s, and 10s. Addition and subtraction with and without regrouping. Properties of 2D and 3D shapes	
Wk 7	Addition and Subtraction NC: Recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100. Show that addition of two numbers can be done in any order but subtraction cannot. Recognise and use the inverse relationship between addition and subtraction. Maths Meeting: Counting on and back in 1s, 2s, 5s and 10s. Comparing numbers using $\leq$, $\geq$ and = Telling the time to the hour and half hour Doubles/ near doubles	Geometry NC: Identify and describe the properties of 3D shapes including number of edges, faces and vertices. Identify 2D shapes on the surfaces of 3D shapes. Compare and sort 3D shapes and everyday objects. Maths Meeting: Counting on and back in 1s and 10s Addition and subtraction without regrouping. Related facts within 10, 20 and 100.			Time NC: Tell and write the time to the nearest five minutes including quarter past/ to the hour and draw the hands on the clock to show these times. Know the number of minutes in an hour and the number of hours in a day Compare and sequence intervals of time. Maths Meeting: Counting in 2s, 3s, 5s, and 10s. Addition and subtraction with and without regrouping. Properties of 2D and 3D shapes	
Wk 8	Addition and Subtraction NC: Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a 2-					

	digit number and 1s, a 2-digit number and 10s, two 2-digit numbers and adding three 1-digit numbers Maths Meeting: Counting on and back in 1s and 10s from different numbers Related addition and subtraction facts within 20 and 100. Ordering and comparing numbers using $\leq$, $\geq$ and $=$
